PROFESSIONAL SUMMARY

Frontend Web Developer and B.Tech CSBS student skilled in building responsive web applications with React.js, Tailwind CSS, and JavaScript, and in turning Figma designs into clean interfaces. Seeking frontend development internship and entry-level opportunities.

TECHNICAL SKILLS

- **Languages:** HTML5, CSS3, JavaScript
- **Frontend:** React.js, Tailwind CSS
- **Other tools:** VS Code, Figma

PROJECTS

TurboBasket | MERN-Stack Food Delivery Application

- Built responsive React interfaces with Tailwind CSS for three user roles (customers, owners, delivery personnel), with protected role-based routes.
- Built food listing, cart, and checkout functionality with a responsive user interface.
- Integrated real-time order updates and location/map tracking.
- View the project on **GitHub | Live Demo**

Dharma AI | AI-Powered Emotional Guidance Application

- Designed the UI in Figma and built the website pages using React and Tailwind CSS.
- Academic team project in development, focused on conversational emotional guidance inspired by wisdom from the Mahabharata.
- View the project on **GitHub**.

Jersey Store | Football Jersey Store

- Developed a responsive football jersey store project using HTML, CSS, and JavaScript.
- Implemented a JavaScript cart that adds items and updates totals.
- View the project on **GitHub | Live Demo**
